

Asian-Australasian Journal of Animal Sciences

June 1999

Volume 12, Number 4

Contents

ANIMAL BREEDING AND GENETICS

- | | |
|--|-----|
| 67. Effects of Genetic and Environmental Factors on Ultrasonic Estimates of Carcass Traits of Japanese Brown Cows / <i>T. D. Sri Rachma Aprilita Bugiwati, H. Harada and R. Fukuhara</i> | 506 |
| 68. Efficacy of Auxiliary Traits in Estimation of Breeding Value of Sires for Milk Production / <i>G. Sahana and M. Gurnani</i> | 511 |

ANIMAL REPRODUCTION AND PHYSIOLOGY

- | | |
|--|-----|
| 69. Effect of Sexual Partners on the Oestrous Behaviour Response in Zebu Cattle (<i>Bos Indicus</i>) Following Synchronisation with a Progestagen (Synchro-Mate B) / <i>R. Cortés, J. A. Orihuela and C. S. Galina</i> | 515 |
| 70. <i>In Vivo</i> Transfer of Foreign DNA into Primordial Germ Cells (PGCs) of Chicken Embryos / <i>K. Eguma, T. Soh, M. Hattori and N. Fujihara</i> | 520 |

RUMINANT NUTRITION AND FORAGE UTILIZATION

- | | |
|--|-----|
| 71. Comparative Study on the Effects of Combined Treatments of Lactic Acid Bacteria and Cellulases on the Fermentation Characteristic and Chemical Composition of Rhodesgrass (<i>Chloris gayana</i> Kunth.) and Italian Ryegrass (<i>Lolium multiflorum</i> Lam.) Silages / <i>M. Ridla and S. Uchida</i> | 525 |
| 72. Comparative Study on the Effects of Combined Treatments of Lactic Acid Bacteria and Cellulases on the Cell Wall Compositions and the Digestibility of Rhodesgrass (<i>Chloris gayana</i> Kunth.) and Italian Ryegrass (<i>Lolium multiflorum</i> Lam.) Silages / <i>M. Ridla and S. Uchida</i> | 531 |
| 73. Influence of Pressure Toasting on Starch Ruminal Degradative Kinetics and Fermentation Characteristics and Gelatinization of Whole Horse Beans (<i>Vicia faba</i>) in Lactating Dairy Cows / <i>P. Yu, J. O. Goelema and S. Tamminga</i> | 537 |
| 74. Influence of Monensin and Virginiamycin on <i>In Vitro</i> Ruminal Fermentation of Ammoniated Rice Straw / <i>K. Kook, S. S. Sun, C. J. Yang and K. H. Myung</i> | 544 |

NON-RUMINANT NUTRITION AND FEED PROCESSING

- | | |
|---|-----|
| 75. Effect of High Dietary Copper on the Morphology of Gastro-Intestinal Tract in Broiler Chickens / <i>P.W.S. Chiou, C. L. Chen, K. L. Chen and C. P. Wu</i> | 548 |
| 76. Preparation and Nutritional Evaluation of Hatchery Waste Meal for Broilers / <i>S. Rasool, M. Rehan, A. Haq and M. Z. Alam</i> | 554 |
-

77. Effects of Conditioners (Standard, Long-Term and Expander) on Pellet Quality and Growth Performance in Nursery and Finishing Pigs / <i>S. L. Johnston, R. H. Hines, J. D. Hancock, K. C. Behnke, S. L. Traylor, B. J. Chae and In K. Han</i>	558
78. Effects of Expander Conditioning of Corn- and Sorghum-Based Diets on Pellet Quality and Performance in Finishing Pigs and Lactating Sows / <i>S. L. Johnston, J. D. Hancock, R. H. Hines, G. A. Kennedy, S. L. Traylor, B. J. Chae and In K. Han</i>	565
79. Effect of Nonstarch Polysaccharide-Rich By-Product Diets on Nitrogen Excretion and Nitrogen Losses from Slurry of Growing-Finishing Pigs / <i>T. T. Canh, M.W.A. Verstegen, N. B. Mui, A.J.A. Aarnink, J. W. Schrama, C. E. Van't Klooster and N. K. Duong</i>	573

ANIMAL PRODUCTION AND APPLIED SCIENCE

80. The Copper, Cobalt, Iron, Selenium and Zinc Status of Cattle in the Sanyati and Chinamhora Smallholder Grazing Areas of Zimbabwe / <i>I.D.T. Mpofu, L. R. Ndlovu and N. H. Casey</i>	579
81. Plasma Prolactin, Blood Metabolites and Yield and Composition of Milk during Early Lactation in Goats Following Administration of Bromocryptine / <i>M. Singh and R. S. Ludri</i>	585
82. The Effect of Evaporative Cooling in Alleviating Seasonal Differences in Milk Production of Almarai Dairy Farms in the Kingdom of Saudi Arabia / <i>A.K.A. Ali, AA. AL-Haidary, M. A. Alshaikh and E. Hayes</i>	590

REVIEW PAPERS

83. Disposal of Animal Waste-The Magnitude of the Problem in Asia and Australasia / <i>S. Y. Sheen and C. M. Hong</i>	597
84. Development of Composting Technology in Animal Waste Treatment / <i>K. Haga</i>	604
85. Anaerobic Treatment of Piggery Slurry / <i>D. P. Chynoweth, A. C. Wilkie and J. M. Owens</i>	607
86. Wastewater Utilization: A Place for Managed Wetlands / <i>F. J. Humenik, A. A. Szogi, P. G. Hunt, S. Broome and M. Rice</i>	629
87. Controlling Noxious Animal Odours : An Imperative at the Rural-Urban Interface / <i>J. K. Jiang and J. R. Sands</i>	633
88. Nutrient Recycling : The North American Experience / <i>J. P. Fontenot</i>	642
89. Reduction of Nitrogen and Phosphorus from Livestock Waste : A Major Priority for Intensive Animal Production / <i>F. Yano, T. Nakajima and M. Matsuda</i>	651
90. Strategies to Reduce Environmental Pollution from Animal Manure: Nutritional Management Option / <i>I. K. Paik</i>	657
91. Nutrient Recycling : The European Experience / <i>J. E. Hall</i>	667

* Papers (#83~91) were presented at Session 2 (*Managing Animal Waste and Their Utilizations*) of Pre-Conference Symposium 2 entitled "Management of Feed Resources and Animal Waste for Sustainable Animal Production in Asia-Pacific Region Beyond 2,000" of the 8th World Conference on Animal Production which was held on June 28, 1998 in Seoul, Korea. Editors for the Session 2 were Professor J. P. Fontenot (USA) and H. L. Choi (Korea).
