

Asian-Australasian Journal of Animal Sciences

November 2005

Volume 18 Number 11

Contents

ANIMAL BREEDING AND GENETICS

236. Newly Developed Microsatellite Markers of *Mystus nemurus* Tested for Cross-species Amplification in Two Distantly Related Aquacultured Catfish Species / *S. C. Chan, S. G. Tan, S. S. Siraj and K. Yusoff* (Malaysia) 1513
237. Association Analyses with Carcass Traits in the Porcine *KIAA1717* and *HUMMLC2B* Genes / *D. Q. Xu, Y. Z. Xiong, M. Liu, J. Lan, X. F. Ling, C. Y. Deng and S. W. Jiang* (P. R. China) 1519
238. Identification of Quantitative Traits Loci (QTL) Affecting Growth Traits in Pigs / *T. H. Kim, B. H. Choi, H. K. Lee, H. S. Park, H. Y. Lee, D. H. Yoon, J. W. Lee, G. J. Jeon, I. C. Cheong, S. J. Oh and J. Y. Han* (Korea) 1524
239. Individual-breed Assignment Analysis in Swine Populations by Using Microsatellite Markers / *B. Fan, Y. Z. Chen, C. Moran, S. H. Zhao, B. Liu, M. Yu, M. J. Zhu, T. A. Xiong and K. Li* (P. R. China) 1529
240. Multi Trait Selection with Restriction for Cutup Carcass Value in Broiler Chicken: Genetic Relatedness of Lines Involved Based on Randomly Amplified Polymorphic DNA / *H. Khosravinia, H. N. N. Murthy, K. P. Ramesha and M. G. Govindaiah* (Iran) 1535
241. New Evidences of Effect of Melanocortin-4 Receptor and Insulin-like Growth Factor 2 Genes on Fat Deposition and Carcass Traits in Different Pig Populations / *J. F. Chen, Y. Z. Xiong, B. Zuo, R. Zheng, F. E. Li, M. G. Lei, J. L. Li, C. Y. Deng and S. W. Jiang* (P. R. China) 1542
242. Highly Polymorphic Bovine Leptin Gene / *D. H. Yoon, B. H. Cho, B. L. Park, Y. H. Choi, H. S. Cheong, H. K. Lee, E. R. Chung, I. C. Cheong and H. D. Shin* (Korea) 1548
243. The Expression Characterization of Chicken Uncoupling Protein Gene / *Jian-Guo Zhao, Hui Li, Yu-Xiang Wang and He Meng* (P. R. China) 1552

ANIMAL REPRODUCTION AND PHYSIOLOGY

244. Isolation of an Oocyte Stimulatory Peptide from the Ovarian Follicular Fluid of Water Buffalo (*Bubalus bubalis*) / *P. S. P. Gupta, J. P. Ravindra, S. Nandi, H. M. Raghu and K. P. Ramesha* (India) 1557

RUMINANT NUTRITION AND FORAGE UTILIZATION

245. Use of N-alkanes to Estimate Intake and Digestibility by Beef Steers / *S. Premaratne, J. P. Fontenot and R. K. Shanklin* (USA) 1564
246. Evaluation of Mulberry (*Morus alba*) as Potential Feed Supplement for Ruminants: The Effect of Plant Maturity on *In situ* Disappearance and *In vitro* Intestinal Digestibility of Plant Fractions / *D. Saddul, Z. A. Jelan, J. B. Liang and R. A. Halim* (Malaysia) 1569
247. The Relationships between Plasma Insulin-like Growth Factor (IGF)-1 and IGF-Binding Proteins (IGFBPs) to Growth Pattern, and Characteristics of Plasma IGFBPs in Steers / *H. G. Lee, H. Hidari, S. K. Kang, Z. S. Hong, C. X. Xu, S. H. Kim, K. S. Seo, D. H. Yoon and Y. J. Choi* (Korea) 1575

248. Effect of Additives on the Fermentation Quality and Residual Mono- and Di-saccharides Compositions of Forage Oats (<i>Avena sativa</i> L.) and Italian Ryegrass (<i>Lolium multiflorum</i> Lam.) Silages / <i>Tao Shao, M. Shimojo, T. Wang and Y. Masuda</i> (P. R. China)	1582
249. Effects of Testosterone, 17 β -estradiol, and Progesterone on the Differentiation of Bovine Intramuscular Adipocytes / <i>Young Sook Oh, Sang Bum Cho, Kyung Hoon Baek and Chang Bon Choi</i> (Korea)	1589
250. Growth, Feed Efficiency, Behaviour, Carcass Characteristics and Meat Quality of Goats Fed Fermented Bagasse Feed / <i>M. N. Ramli, M. Higashi, Y. Imura, K. Takayama and Y. Nakanishi</i> (Japan)	1594
251. Relationship of Early Lactation and Bovine Somatotropin to Water Metabolism and Mammary Circulation of Crossbred Holstein Cattle / <i>W. Maksiri, S. Chanpongsang and N. Chaiyabutr</i> (Thailand)	1600

NONRUMINANT NUTRITION AND FEED PROCESSING

252. Effect of Dietary Lipid Sources on Growth, Enzyme Activities and Immuno-hematological Parameters in <i>Catla catla</i> Fingerlings / <i>K. Priya, A. K. Pal, N. P. Sahu and S. C. Mukherjee</i> (India)	1609
253. The Effect of Complementary Access to Milk Replacer to Piglets on the Activity of Brush Border Enzymes in the Piglet Small Intestine / <i>J. F. Wang, T. Lundh, B. Weström and J. E. Lindberg</i> (P. R. China)	1617
254. Studies on the Concentrations of Cd, Pb, Hg and Cr in Dog Serum in Korea / <i>S. H. Park, M. H. Lee and S. K. Kim</i> (Korea)	1623
255. Effects of Various Sources and Levels of Chromium on Performance of Broilers / <i>W. Suksombat and S. Kanchanatawee</i> (Thailand)	1628
256. Effect of Non-starch Polysaccharides and Resistant Starch on Mucin Secretion and Endogenous Amino Acid Losses in Pigs / <i>P. C. H. Morel, J. Melai, S. L. Eady and G. D. Coles</i> (New Zealand)	1634
257. The Effects of Dietary Biotite V Supplementation as an Alternative Substance to Antibiotics in Growing Pigs / <i>Y. J. Chen, O. S. Kwon, B. J. Min, K. S. Son, J. H. Cho, J. W. Hong and I. H. Kim</i> (Korea)	1642

ANIMAL PRODUCTS AND APPLIED SCIENCE

258. Properties of Cholesterol-reduced Butter and Effect of Gamma Linolenic Acid Added Butter on Blood Cholesterol / <i>Tae-Hee Jung, Jae-Joon Kim, Sang-Hoon Yu, Joungjwa Ahn and Hae-Soo Kwak</i> (Korea)	1646
259. Fatty Acid Profiles of Various Muscles and Adipose Tissues from Fattening Horses in Comparison with Beef Cattle and Pigs / <i>M. L. He, S. Ishikawa and H. Hidari</i> (Japan) ..	1655

REVIEW PAPER

260. Sex-linked Dwarf Gene for Broiler Production in Hot-humid Climates / <i>M. A. Islam</i> (Bangladesh)	1662
